**FROM----- Tony Kilmer  
Phone: 541-686-7534  
Fax: 541-686-7541**

**The week of 04-26-10 we then plan to finish the Glenwood Section inside shoulders, ramps and connecting highways such as 99 south Cloverdale and Parkway and the lower part of Highway 58 and 126East.**

**On the week of 05-03-10 we will continue applications to Highway 126E and Highway 58 and Start on Highway 126 West to Florence and if we have time we will make applications on Highway 36 from Mapleton to Deadwood creek road.**

**During the week of 05-10-10 start and complete the work on Territorial, 101 and last, the east end of Highway 36.**

**On 05-17-10 we will finish up any areas that we might have missed and start our noxious weed program**

**Weather permitting during the weeks of 04-19-10 and 06-30-10 we will make spot spray applications to Gorse and scotch broom near the Florence area to satellite populations.**

**Please check the ODOT Herbicide Application Information Line at:  
1-888-996-8080**

**[REDACTED] I apologize for not having a recent update of our shoulder spray program. This last week, the week of 04-26-10, we have not had any shoulder spraying in District 5 because of heavy rains.**

**I do plan to continue with our original plan for the week of 05-03-10, and shoulder spray the East ends of 126 East , Highway 58 and then on the 5th and 6th of May, spraying Highway 126 West from Eugene to Florence and the West end of Highway 36 from Mapleton to Deadwood Creek road. We will be working nights.**

**I also want to mention that the Florence crew is making spot spray applications to Gorse and Scotch broom, on highway 126 West, 101 South of Florence and one plant on highway 36 at mile post 4, from now till May 20, 2010.**

**And please check the ODOT Herbicide Information Line at:**

**1-888-996-8080**

**For daily spot spray applications near your area.**

**I am out in the field often, but you can reach me at my office phone, which I check daily, when I am at work. If you have any questions please do not hesitate to call.**
