NUMBER OF PAGES INCLUDING COVER SHEET----1

Notification of herbicide applications

For the week of 5-17-10 through 5-21-10, we have almost finished up our shoulder program in the Glenwood maintenance section. We still have the ramps to do on Highways I-5, I-105, and Beltline, on both sides of the ramps. We will be finishing up these ramps during the weeks of 05-24-10 and 05-31-10. Also during this time we will be making spot spray applications to the noxious weeds in these areas.

On the 6th of June we are going to begin our shoulder spray program and noxious weed spot spraying on Highway 36 (229) thru the 17th of June.

For the rest of May thru the month of July we will be making spot spray applications to our noxious weeds in Lane County on State right- of -way. Included in that, will be some Gorse applications on Highway 101 North of Florence. I will give an update when that will be happening

For daily information please, call the ODOT Herbicide Application Information Line at 1-888 996-8080. The herbicide application schedule is tentative and is subject to change at any time.
