This information and advice is intended to assist you in achieving compliance with forest resource protection rules and laws.

This is regarding your Non-Statutory Written Plan required by the following administrative rule(s):

- 629-665-0020(2) - Operating near a resource site requiring special protection. 629-665-0210(1) - Operating near a Northern Spotted Owl resource site.

After reviewing your written plan, I offer you the following comments.

- Fully implementing this written plan is likely to achieve the resource protection standards. This operation will be evaluated on the basis of how well required practices are applied and how well required resource protection is achieved.
- Compliance with the Oregon Forest Practices Act does not guarantee compliance with the Federal Endangered Species Act.

A 19 acre harvest unit was operated in 2007 and Giustina Woodlands plans to pile and grind the material in T18S R1E Sec 34 and 33 as shown on the attached Operational Area Map. Northern spotted owl (NSO) activity has been documented in the vicinity of the proposed harvest unit.

Operation Timing

This piling and grinding part of this project will take place during September of 2008, therefore all activities must be outside ¼ mile of the NSO nest site. The notification includes a map showing the nest site location and a ¼ mile circle. The boundary of our operation will be outside the ¼ mile circle to avoid any disturbance of the NSO.
