Re: Written Plan

Dear Mr. Peterson:

In accordance with the administrative rules of the Oregon Forest Practices Act, this letter constitutes the written plan for operations near the protected resource(s) identified below:

Operation Name/Activity: "Battle 1 Spring Release" – Aerial Application
Notification Number: Not Yet Assigned
Legal Location: T.18S R.5W Sec. 32
Protected Resource(s): Battle Creek (Med type F) and tributary (Sm type F)

In an effort to promote conifer plantation dominance, competing grass/herbs will be treated. With respect to Battle Creek, said treatment will not occur within 100 feet of the high water mark. As for the adjacent un-named tributary (see map), treatment will get no closer than 60 feet.

Chemicals will be applied in accordance with respective product labels and will not be stored, mixed or batched within 100 feet of the protected resources.

The contents of this written plan are expected to comply with the requirements for the operation adjacent to the disclosed protected resources, and the protection measures described herein are believed to achieve the objectives of the Forest Practices Act. Please let me know if you have additional questions or concerns.

Sincerely,

Michael S. Williams
Resource Forester
