Notification of herbicide applications

For the continuing of herbicide applications on our highway shoulders and noxious weeds, the schedule is as follows:

For the week of April 28th, District 5 will continue the application of herbicides to the highway shoulders and noxious weed applications, and finish up the Glenwood sections state highways and frontage roads.

The week of May 6th, we should be spraying 2 days on highways 58, and 2 days on 126 East .

The week of May 13th, we should be spraying the Veneta section which includes highways 126 West, 36 and Territorial.

The week of May 20th, we should be spraying the Florence section on highways, 126 West, 36 and 101.

Spot spray applications to noxious weeds will be happening around the District, so please call the ODOT Herbicide Application line for up to date information.

Special note: Weather, Equipment breakdowns and Availability of product, will determine the following of this schedule.

The herbicide application schedule is tentative and is subject to change at any time. For daily information call the ODOT Herbicide Application Information Line 1-888 996-8080.
