Notification Comments: Unit #1 will be a thin with no water concerns. Unit #2 will be a clearcut, with Hawley Creek being close, there are concerns. This will be mitigated by staying 100' from the stream. We may have activity within that 100' distance in the future while we conduct a stream enhancement. That will be done with ODFW and all concerns such as the Western Pond turtle will be addressed.

Unit 1 of 1 Start: **02/01/11** End: **12/31/11**
 Status: **Open**
 Stewardship Forester: **Paul R. Clements**

Site Conditions Waters: Lake or stream Within 100 feet.
 Soils: No mass soil movement.
 Slope: 36% to 65%.

Priorities: **Fire: High FPA: High**

Notification Comments: Per request of Paul Clements, please accept this as a revised 2011-781-00037 notification, with the revision being a change in acres from 59 to 60. Please find the attached revised map reflecting this change. I would also like to note that highway 36 traffic count information, pertinent to the stretch of highway located downslope of this specific operation, may be found submitted with the 2010-781-00827. Said information show the count to be well below the 500 -vehicles threshold along the entire stretch of highway that impacts not only this operation, but Rosobor's entire Deadwood-Greenleaf ownership block. (NOAP 2010-781-00037 has been closed as a Did Not Operate.)
