Notification Comments: Applicant Remarks: Unit #1 will be a clearcut which will be shovel logged, roads are in place from previous thinning operations. The road reconstruct is replacing an old culvert which is plugged, the existing culvert is 12", I would like to put in 24" x 24' culvert to ensure it can handle any high volume flow in the future. Unit #2 will be a commercial thin which will happen well above the lake where the slope is very gentle, the roads are also in place from previous thinning operations.

Signed by: Ole Buch for Land Owner

Notification Comments: Applicant Remarks: Herbicide chemicals include Element 4 and MSO. There will be no operations within 100' of any Type F, Type D, or Significant Wetland. All live streams will be afforded a 10' or greater buffer. The "other" activity code shown on page 2 applies to standard road maintenance work including: ditch cleaning, mechanical brush removal, and minor stump removal. This normally does not require notification for forest practices purposes, however, it does require a PDM permit.
