

State of Oregon
Department of Forestry - Department of Revenue
Notification Number: 2015-781-01330
Operation Name: 2015 Vaughn area Herb

This report is the processed information from the Notification of Operation/Application for Permit to Operate Power Driven Machinery submitted by OTC Forestry and received by Department of Forestry on 1/12/2015.

You must wait at least 15 days after successful submittal of this notification before starting the activities in the notification (see OAR 629-605-0150(1)). You may contact the Stewardship Forester to request a waiver of the 15-day waiting period. The waiting period remains in effect unless you receive notice from the Stewardship Forester that it is waived.

This NOAP crosses more than one county. The County specific Notification Numbers are: 2015-781-01330-1 (Douglas), 2015-781-01330-2 (Lane)

Notice and Permits

Notice is given to the State Forester that an operation will be conducted on the lands described herein.

A permit to use fire or operate power driven machinery is issued for the land described herein.

Stewardship Forester Formal Comments

Comment from: Jay Morey 1/27/2015

Regarding Units Half Beard: Statutory Written Plan required by: ORS 527.670(3)(a) and OAR 629-605-0170(2) for an operation within 100 feet of a Type F or Type D stream. After reviewing your written plan, I offer you the following comments. • Fully implementing this written plan is likely to achieve the resource protection standards. This operation will be evaluated on the basis of how well required practices are applied and how well required resource protection is achieved. I have some additional comments and recommendations as follows. OAR 629-620-400 (4) of the Forest Practices Act calls for no direct aerial application of herbicides within 60 feet of the aquatic areas of Type F and Type D streams, and certain other waters of the state.

Comment from: Dan Menk 2/3/2015

This is regarding your Statutory Written Plan required by :

- ORS 527. 670(3)(a) and OAR 629-605-0170(1)(a) for an operation within 100 feet of a Type F or Type D stream.

After reviewing your written plan, I offer you the following comments.

- Fully implementing this written plan is likely to achieve the resource protection standards. This operation will be evaluated on the basis of how well required practices are applied and how well required resource protection is achieved.
- No written comments were received during the public comment period by the subscriber for T19S R 6W section 20 and T 18S R6W section 25.

Landowner(s)

Oxbow Timber 1 LLC
Oxbow Timber 1, LLC
PO Box 1088
Roseburg, Oregon 97487
5416793311

Notice to Landowner(s)

Reforestation may be required by the landowner if timber harvesting is part of the proposed operations.

On-site inspections may be conducted by Oregon Department of Forestry employees to ensure compliance with all laws and rules governing fire protection and forest practices on private land.

Land use conversion to non-forest use involves regulations administered by other state and local governments, which may apply to the future use or development of this site.

Notice to Operator(s)

If you are conducting timber harvesting or road construction within 100 feet of overhead utility lines contact the local utility in accordance with ORS 757.805 - Oregon's Overhead Safety Act and OAR 437-007-0230 - Power Line Safeguards. Identification tags are located on each pole.

Call the Oregon Utility Notification Center at 811 at least 2 business days before starting timber harvesting, road construction, or any other activities involving excavation that may affect an underground utility line. The Center will coordinate with the appropriate utility companies to locate underground utility lines that may be affected by your activities.

Fire Emergency Contact

Dave Cramsey

LEGAL NOTICE

The following section provides legal notification of the requirement to submit a written plan

Report generated on 2/6/2015 by Oregon Department of Forestry
Forest Activity Electronic Reporting and Notification System (FERNS)

before certain portions of this Operation may begin.

Statutory Written Plan

A Statutory Written Plan may be required before operation activities begin near the protected resources listed in the following Operation information page(s) or otherwise described to you by the Stewardship Forester, OAR 629-605-0170.

The Statutory Written Plan must describe in detail how the resource(s) will be protected during the operation. There is a waiting period for Statutory Written Plans that is separate from the notification waiting period. Contact the Stewardship Forester listed above for more information on Written Plans and waiting periods.

A portion or all of your operation(s) may be eligible for a waiver of the Statutory Written Plan requirement. Use the Resource Description information provided on the following Operation page(s) in conjunction with Technical Note #10 to determine your eligibility. Go to the following link or contact your Stewardship Forester for more information:

http://www.oregon.gov/odf/PRIVATE_FORESTS/docs/20130816_Technote_Flowchart_Final.pdf

Non-Statutory Written Plan:

A Non-Statutory Written Plan may be required for resources or conditions in or near this Operation as determined by the Stewardship Forester, OAR 626-605-0170(10).

Unit: 7H: 44.3 acres

Report generated on 2/6/2015 by Oregon Department of Forestry
Forest Activity Electronic Reporting and Notification System (FERNs)

Unit: 7H - Activities

Activity: Herbicide Application (Unit)

Quantity:

Start: 1/26/2015 End: 12/31/2015

Method(s): Aerial, Ground - Pressurized / Broadcast, Ground - Manual spot application,

Chemical(s): atrazine and clopyralid and glyphosate and hexazinone and imazapyr and metsulfuron methyl and sulfometuron methyl and triclopyr with amine (amine) and triclopyr with ester (ester)

Chemical Carrier(s): Forest Crop Oil (Additive) and water

Chemical Additive(s):

Remarks:

Operator:

OTC Forestry
