Eugene, OR 97404

Written Plan for Ground Herbicide Application  
on Lands owned by Transition Management Inc.

Notification Number:

Unit Name: Preacher Creek Weed Control

Location: Sections 7, 18, T19S, R4W, WM

Sections 12, 13, T19S, R5W, WM

Date: July 14, 2014

Protected resource covered by this written plan is a 700' segment of Preacher Creek, a Tributary of Fox Hollow Creek. This stream segment is classified as Small Fish. The attached operations map shows the location and reach of the stream which is the subject of this written plan.

Resource protection measures planned are as follows:

- 1) All mixing and batching operations shall be conducted at sites over 100 feet from any fish bearing stream.
- 2) No chemical application shall take place within 10 feet of the aquatic area of the Fish stream.
- 3) All application shall be done in accordance with product label requirements.
- 4) Water for chemical mixing may be taken from the Small or Medium Fish streams. This activity shall be conducted in accordance with water quality protection rules of the Forest Practices Act. A separate volume pump and system used for water only shall be used to fill the batch tanks. An air gap between the water source and mixing tank shall be maintained during the filling process.
