NOTIFICATION OF HERBICIDE APPLICATION:

Because of Weather and Equipment problems, we are already Two weeks behind schedule. This is to inform you that we will begin our residual shoulder spray program on May 2, 2011 and continue on as follows:

Beginning May 2, 2011, District 5 will start the application of herbicides to the highway shoulders. Applications will start during the normal day shift. We plan to start working on Highway 99 North between Junction City and Eugene, I-5, Beltline and I-105 making applications to the outside shoulders and ramps.

The week of May 9,, 2011, our plan is to continue with the Glenwood Section outside shoulders, ramps and connecting highways such as 99 South, Cloverdale Highway, Territorial, Parkway and the lower end of Highway 58 from I-5 to MP 12.

The week of May 16, 2011 we will finish up on these secondary highways and begin applications to Highway 126E, finish Highway 58 and start on the inside shoulders and ramps of I-5, I-105 and Beltline and catch up anything we might need to do to the Glenwood Section.

The week of May 23, 2011, we will start and complete the work on Highway 126 West, from Beltline to Florence, and any or all of Territorial Highway that did not get completed and finish up inside shoulders and ramps in the Glenwood Section.

The week of May 30, 2011, we should be finishing our shoulder program in the Glenwood Section, section ramps and frontage roads.

The herbicide application schedule is tentative and is subject to change time due to weather, equipment breakdowns and availability of product.
